Day 1 Arrive Puerto Montt / Puerto Varas

Arrive in Puerto Montt, where you will be met by a representative of Aurora Expeditions and transferred with your fellow expeditioners to your assigned pre-voyage hotel in nearby Puerto Varas. If you are already in Puerto Montt or Puerto Varas, we ask you to make your way to your hotel. This afternoon, visit the Aurora Expeditions hospitality desk in the lobby to collect your luggage tags. Please clearly label the tags with your name and ship cabin number. Our team will confirm details regarding your embarkation day, answer any questions and provide you with information on where to dine or purchase last minute items. The remainder of your time is at leisure. All meals today are at your own expense. Assigned accommodation: Hotel Cabana Del Lago.

Day 2 Embarkation Day	This morning, enjoy breakfast and check-out. Please ensure your cabin luggage is fitted with cabin tags clearly labelled with your name and cabin number. Take your cabin luggage to hotel reception, prior to, or at check-out. Your luggage will be stored and transferred directly to the port for clearance, to be placed in your cabin ahead of your arrival on board. Please keep any valuables or personal items with you throughout the day. Your morning is at leisure to explore the beautiful lake and surroundings in Puerto Varas. Meet back at the hotel in the afternoon for your transfer to the port. Settle into your cabin, where each detail was designed with your comfort in mind. This luxurious vessel is yours to explore. As we throw the lines and set sail, join your expedition team on deck before tucking into a delicious dinner, and toast to the voyage ahead.
Day 3 Corcovado Gulf, Tic Toc Bay	Spend the morning exploring the delightful and impressive coastline of Tic Toc Bay – either ship cruising or perhaps by Zodiac and kayak. This whole area has been recently recognised as one of the few marine parks of Chile famous not only for the seasonal presence of blue whales but also for the rich array of other cetaceans, marine mammals, and seabirds. In the Corcovado Gulf, you will enjoy spotting a good variety of seabirds including black-browed albatross, southern giant petrel, southern fulmar and long-distant migrants such as the migratory Arctic skua.
Days 4-7 Chilean Fjords, English Narrows, Kirke Narrows	We spend the next few days navigating our way through Patagonia's maze of fjords, with hopefully some chances for Zodiac cruising and landings along the way. Spend time on the decks to scan for whales, dolphins and seabirds, while admiring the beautiful landscapes of the maze of channels and islands around. We will be sailing along part of the 145 km / 90-mile long Moraleda Channel, which separates the mainland from the huge archipelagos of Chonos and Guaitecas. We will see magnificent Andes peaks such as the Mentolat, Melimoyu and the Maca volcanoes. We will be scanning the waters for the occasional presence of pods of killer whale that predate on the numerous South American sea lion colonies located along the coast and forested islands. The scenic narrows of this region of Patagonia are affected by slack tides, and the slack tide timings will determine our arrival into Puerto Natales as well as the day's plan.
Days 8-9 Puerto Natales / Torres del Paine National Park	Puerto Natales is the gateway to Torres del Paine National Park, world-renowned for its granite towers, which give the park its name. These gigantic spires were carved by glacial ice and upon entering the park, you will see a series of lakes with intense colours, mountains covered in ice, and an array of local fauna. In Patagonia, you will feel the immensity of nature and delight in feeling completely insignificant in its presence. The jaw-dropping landscapes of turquoise waters, glaciers and towering granite horns of the Torres del Paine National Park is a humbling experience. You will have two days to experience the wonders of Torres del Paine National Park on various hikes suited to your fitness level. You will pass several estancias (ranches) en route to the national park, and you will witness the landscape change from a steppe eco-region to deciduous forest. Along the way, pause amongst the mountains to admire views of the lakes called Amarga, Sarmiento, and Nordenskjold, and Salto Grande. You may be able to see some of the local fauna, including many species of birds including the majestic condor. Look out for foxes, huemul (Andean deer) and guanacos, which are wild camelids related to the llama. The reclusive difficult-to-spot puma has also been seen inside the national park where authorities are happy to report a healthy growing population. We spend the night at a comfortable hotel located just outside of the national park offering superb mountain and river views. Here you will enjoy local cuisine and Chilean wine and hear about the various hiking options available to you and suited to your individual interests and fitness level. On the afternoon of your second day in Torres del Paine National Park, you will be transported back to the vessel in time for dinner, swapping stories on the drive back, of your exploration of the park. At low tide this evening, we cross the White Narrows – a narrow channel of water approximately 80 metres wide. Find a spot on one of our many observation areas and appreciate the masterful skills of our Captain as they navigate us through this difficult channel. You can choose from one of the following three itineraries to suit your fitness levels: Easy, Medium, and Difficult.Day One in Torres del Paine National Park. Easy option - minimal walking required with visits to the national park's most impressive lookouts, shorter days. Highlights include: Sarmiento Lake viewpoint, Laguna Amarga lookout, Nordenskjold Lake lookout, Salto Grande lookout, Lunch at the cafeteria overlooking Grey Lake, End the day at Villa Serrano to check-in to your hotel for the evening. Medium option – easy treks of up to 14 km (8.7 mi) per day. Enter the Laguna Azul area of Torres del Paine National Park and hike the Cañadón Macho trail. Highlights include: Sarmiento Lake lookout, Nordenskjold Lake lookout, Visit the Salto Grande and Pehoe areas, End the day at Villa Serrano to check-in to your hotel for the evening. Difficult option – longer and more challenging treks of up to 22 km (13.7 mi) per day. Las Torres Base trek - up to 20 km (12.5 mi). You will explore the Ascencio Valley, walking through a beautiful Lenga forest and getting up close to the astounding Torres del Paine viewpoint. Throughout the trek you will walk through forests, along streams and across glacier moraines. End the day at Villa Serrano to check-in to your hotel for the evening. Accommodation: Hotel Rio Serrano (or similar).Day Two in Torres del Paine National Park. Easy option - minimal walking required with visits to the national park's most impressive lookouts, shorter days. Drive from Villa Serrano to a point near Laguna de los Cisnes, where an easy, mostly flat walk begins. The trail passes Laguna Larga, colorful lagoon landscapes and diverse wildlife, with excellent views of the iconic Cuernos del Paine along the way. The hike ends at the Nordenskjöld Viewpoint, followed by a visit to Cascada Paine for photos and birdwatching before returning to Puerto Natales Pier. Medium option – easy treks of up to 14 km (8.7 mi) per day. Today's itinerary consists of two short treks of up to 6 km (3.7 mi) each. Highlights include: Salto Grande + Mirador Cuernos, Nordenskjold Lake lookout, Laguna Amarga lookout, Mirador Condor. Drive back to Puerto Natales to rejoin the ship. Difficult option – longer and more challenging treks of up to 22 km (13.7 mi) per day. Hike the Lazo-Weber trek, starting from the base of Sierra del Toro. Along the way, enjoy panoramic views of the Paine Massif, Lake Sarmiento, and several picturesque lagoons. We recommend walking poles for this moderate trek. Drive back to Puerto Natales to rejoin the ship.
Day 10 White Narrows	The scenic narrows of this region of Patagonia are affected by slack tides, and the slack tide timings will determine our departure from Puerto Natales as well as the day's plan. Our skillful captain will expertly navigate the narrows, while you may wish to find a spot on the deck or in one of the lounges to admire the view.

Days 11-14 The Straits of Magellan, Beagle Channel & Glacier Alley	We travel through a dazzling stretch of the 240-kilometre (150 mile) long Beagle Channel called Glacier Alley or 'Avenue of the Glaciers' as it's more elegantly known. You will marvel at this string of tidewater glaciers pushing down to the edge of the sea from the enormous Darwin Ice Field. Surrounded by snow-capped peaks, most of the glaciers were named after European countries or the explorers who discovered them: Holland, Italy, Romanche, Spain, Garibaldi. Weather permitting, we'll board our Zodiacs for a closer look at the impressive Romanche Glacier. Even if fog obscures the view, the sound of the cracking ice as it calves into the water is sure to impress. Apart from the spectacular scenery, Glacier Alley offers opportunities to spot wildlife such as penguin rookeries and South American fur seals. If time and conditions permit, the captain may take you close to Cape Horn, an important place in maritime history. Until the opening of the Panama Canal in 1914, ships had to sail round Cape Horn to travel between the east and west coast of South America—a hazardous endeavour due to the strong winds and current, large powerful waves and occasional icebergs. This evening, enjoy Captain's Cocktail Party and Farewell Dinner to celebrate the end of a memorable adventure in this magical part of the world.
Day 15 Disembark in Ushuaia	During the early morning, we cruise up the Beagle Channel, before quietly slipping into dock in Ushuaia, where we will be free to disembark around 8.00 am. Farewell your expedition team and fellow passengers as we all continue our onward journeys, hopefully with a newfound sense of the immense power of nature. Upon disembarkation, for those continuing their travels in the region, transportation to the hotel will be arranged exclusively for guests who have booked their accommodations through Aurora or for those staying in downtown areas near the port. Expeditioners departing on flights prior to 14:30 pm will be directly transferred to Ushuaia Airport, those with flights after 14:30 pm will have the opportunity to explore Ushuaia before an afternoon airport transfer, and the transfer procedures and details will be communicated onboard before disembarkation. *Note: At the conclusion of the voyage, we do not recommend booking flights departing Ushuaia prior to 12.00 pm on the day of disembarkation in case there are delays.

Im Preis inbegriffen

- All transfers as mentioned in the itinerary.
- One night's hotel accommodation in Puerto Varas, including breakfast, on Day 1.
- One night's hotel accommodation near Torres del Paine National Park on Day 8.
- On-board accommodation during voyage including daily cabin service.
- All meals, snacks, tea, coffee, soft drinks and juices during voyage.
- Premium spirits, cocktails, beer, wine and liqueurs during voyage.
- Captain's Farewell reception including four-course dinner, house cocktails, house beer and wine, non-alcoholic beverages.
