Day 1 Arrive
Rome, Italy

Welcome to Rome. On arrival at Rome airport, make your way to the Arrivals Hall, to meet our representative, followed by a transfer to our group hotel. At the hotel, visit our hospitality desk in the lobby to meet our team who will provide you with useful information regarding pre-embarkation procedures and about your time in Rome. You will also receive cabin tags for your luggage. Please clearly label the tags with your name and your cabin number on the ship. This evening enjoy dinner at one of the local trattorias (own expense), with time to relax in preparation for our day tomorrow. Accommodation: Starhotels Metropole Rome (or similar).

Day 2 Rome

An intriguing tale of historical drama and legendary myths make Rome every trivia buff's dream. Scandalous and sanguine, Roman lifestyle swung from democratic to autocratic, slavery to liberation, paganism to Christianity. The Roman empire's public relations machine flaunted its sovereignty with triumphant arches and fluted columns, monolithic mausoleums, statue-ridden stairways and masterfully engineered temples. Enhanced by the wealth of the Catholic Church, the city added to its opulence and grandeur with baroque fountains, obelisk-centred piazzas and Christendom's domed cathedrals. The story of ancient Rome's insurmountable empire, its dramatic demise and the rise of the powerful Catholic Church is one of Europe's most compelling stories. A tour of Rome is a highlight of any visit to Italy, especially for those of us whose homeland is anything other than ancient. Imperial relics rekindle the era when Rome's population of one million surpassed any other city worldwide. Our local guides merge the city's past and present through their stories on every street corner, along every alley and in every piazza. Choose a shorter, comprehensive tour to see a slice of Roman life, or lace up your walking shoes and experience Rome from street level on a locally guided walking tour. In the afternoon, enjoy some time for independent exploration, or join us for a visit to the Vatican, before we gather this evening for a Welcome Reception. Personalise your exploration with our included 'Your Choice' experiences. Option 1 - Morning experience: Highlights of Rome. Rome reveals its tale as we tour its major sights on this morning experience. We encounter the Colosseum and Roman Forum, viewing them from a nearby terrace at the Capitoline Museum, while our guide inspires us with stories of Rome's past. Gifted to the people of Rome as a museum to house the generous number of sculptures and statues left scattered throughout the city, the Capitoline Museum was the brainchild of Pope Sixtus IV. We have free time in the museum to browse its collection at our own pace while we piece together the city's past through its numerous artworks, before our journey continues with a drive towards the Trevi Fountain. Surrounded by a pedestrian zone, a visit to the world's most famous fountain offers not only a timeless photo opportunity but also the chance to ensure your return to Rome, just don't forget to toss in a coin! Afterwards, we return to our vehicle and head back to the hotel for a leisurely afternoon or continue exploring the wonders of the Eternal City at your own pace or join us to visit the Vatican. *Note: some sights on this tour may be viewed only from the vehicle, depending on the local conditions on the day. *If you wish you continue onto the Afternoon experience: St Peters Basilica excursion, there will be a short break at the hotel prior to transferring to the Vatican by coach. Option 2 – Half day experience: Roaming Rome. Lace up your walking shoes, slip on a hat and splash on sunscreen to join this comprehensive locally guided tour. Established in an era when few Romans owned transportation, the centre of historical Rome is ideal for walking. With every square foot offering a fascinating fact, we are spoiled for choice by the wealth of sites we experience. Architectural highlights include ancient landmarks such as the Colosseum, the Roman Forum, Trajan's Column, and the grand Vittorio Emanuele II Monument. Our locally guided walk brings us to the artistic masterpieces of the Trevi Fountain and the Pantheon with our journey concluding at one of Rome's most enchanting gathering places: Piazza Navona. Each site tells its own story, as our expert guides bring the past to life with tales of emperors, gladiators, plebeians, Renaissance artists, popes, and legionaries who once called Rome home. *Note: some sights on this tour may be viewed only from the vehicle, depending on local conditions on the day. The visit to the Pantheon is subject to group ticket, time slotted availability. *Note: If you wish you continue onto the Afternoon experience: St Peters Basilica, you will continue from this excursion to the Vatican by coach. Option 1 - Afternoon experience: St Peters Basilica. We drive to the Vatican City for a guided visit to one of Christianity's most iconic landmarks: St. Peter's Basilica. Once the site of Emperor Nero's brutal spectacles, the Vatican Hill was transformed into sacred ground by Constantine, Rome's first Christian emperor, who declared it 'the hill of the martyrs.' Today, this sovereign city-state — granted independence from Italy in 1929 — houses the heart of the Catholic Church. Towering above it all is St. Peter's Basilica, the largest church in Christendom and a breathtaking example of Renaissance architecture. Designed in part by Michelangelo, who at age 72 created the majestic dome, the basilica rises above what is believed to be the tomb of St. Peter, the first apostle and first Pope. Admire Michelangelo's moving Pietà, Bernini's grand baldachin, and the sheer scale and spiritual gravitas of this revered site. *Note: visitation times for St. Peters can be amended at short notice by Vatican authorities and entrance cannot always be guaranteed. Accommodation: Starhotels Metropole Rome (or similar). Meals: Breakfast, Dinner.

Day 3 Orvieto –
embark Livorno
(Port: Livorno)

This morning we drive two hours north to the one of Umbria's hilltop gems: Orvieto. Perched dramatically atop a volcanic plateau, Orvieto is one of central Italy's most captivating hill towns, famed for its magnificent Gothic cathedral and enchanting medieval streets. Following an introductory guided walk, enjoy free time to explore at your own pace. Browse the artisan shops, admire the town's architectural treasures, or simply settle into a café or trattoria for lunch and sample the flavours of Umbria. Whether wandering its flower-filled lanes, discovering hidden corners rich in history, or taking in views across the surrounding countryside, Orvieto offers an irresistible blend of beauty, history and authentic Italian charm. Our afternoon drive takes us to the port of Livorno, where late afternoon, we board Douglas Mawson and sail south. This evening, following an important safety briefing, we gather for a 'Welcome Aboard Dinner', an opportunity to meet our Aurora Expeditions team and crew, and to toast the adventures ahead.

Day 4 Gaeta,
Monte Cassino
(Port: Gaeta)

There's time this morning to relax into the rhythm of life onboard before we arrive at Gaeta around midday. Jutting into the Gulf of Gaeta, the town of the same name has a rich history featuring everyone from the Romans to Saracens, emperors to pirates and popes to kings. This authentic medieval town, dominated by its fortress castle and framed by a protected marina, is easily explored independently. Choose to join our experience to reflect on the bravery of those who fought at Monte Cassino, before we set sail south to the Bay of Naples in the early evening. For those seeking a more leisurely visit the ship docks right in the heart of Gaeta, offering effortless access to this vibrant coastal town. With its charming waterfront, historic streets, and laid-back atmosphere, Gaeta invites you to explore at your own pace, whether that means enjoying a seaside stroll, sampling local cuisine, or simply soaking up the Mediterranean sun. Those choosing to join our experience this afternoon will pause to honour the soldiers and innocent residents who were deeply affected by the tragedy at Monte Cassino an hour inland from the coast. Amidst fields of white crosses, each one a poignant reminder of a life lost, the Monte Cassino region and its historic Benedictine monastery now attract visitors seeking to pay their respects. Each year, thousands come to remember those who made the ultimate sacrifice while pushing north towards Rome in June 1944. Perched high on its rugged hilltop, the monastery—filled with priceless artworks—was tragically misidentified as an ammunition depot by the Allied forces. The area, fortified with cannons, minefields, and machine gun nests, saw fierce combat, resulting in the loss of entire divisions as they bravely attempted to scale its slopes. Reduced to ruins in one of the most controversial actions of World War II, the rebuilt monastery now stands as a moving tribute to the 70,000 troops who gave their lives at Monte Cassino, striving to break through the Gustav Line and open the road to Rome.

Day 5 Naples
(Port: Naples)

Shrouded by the shadow of a brooding Mount Vesuvius, Naples' 'underworld' reputation has mellowed in recent years providing the perfect culmination of our explorations. Survivors of successive imperial invasions, outbreaks of plagues and infamous natural disasters Neapolitans are well-known for their dramatic personalities. A dedication to family and their ancestral roots makes them natural storytellers, with a passion to share their stoic city and its intrinsic tales with all they encounter. Our 'Your Choice' experiences today offer a deeper, more interactive connection with Naples. Whether you choose to uncover the city's rich history both above and underground or take in its stunning panoramas, each option reveals a unique side of this captivating city. This afternoon, enjoy free time to continue exploring at your own pace, or simply relax and soak up the atmosphere over a treat at one of Naples' numerous street food stalls or bars. Personalise your exploration with our included 'Your Choice' experience. Option 1 - Morning experience: The Bay of Naples and Vesuvius Winery. Few cities are as defined by their relationship with the sea as Naples, and to truly appreciate its setting, it helps to view the city from a different perspective. Leaving the waterfront behind, we will view the Bay of Naples, and if it is a clear day, Capri and the Sorrentine Peninsula, revealing the dramatic geography that has shaped the city's history, from its bustling harbour and waterfront districts to the ever-present silhouette of Mount Vesuvius. We then continue to a winery nestled on the fertile slopes of Mount Vesuvius. For centuries, generations of Neapolitan families have cultivated these volcanic soils, working a landscape both enriched and threatened by the mountain that dominates it. Combining traditional techniques rooted in Roman times with modern winemaking practices, local vintners continue to produce distinctive wines that reflect the unique character of this volcanic terroir. During our visit, we will learn about this enduring relationship between the volcano, the vines and the people who have tended them, before enjoying a tasting of regional wines. Option 2 - Morning experience: Naples; Yesterday - Today. Your locally guided walking tour begins in the heart of the historical centre of Naples; a UNESCO World Heritage site where the lively thoroughfare known as Spaccanapoli traces the path of ancient Roman roads laid out over 2,000 years ago. This narrow street aptly nicknamed the "Naples' splitter," appears to divide the city in two and is lined with antique stalls, bookshops, and local grocers, offering a glimpse into everyday Neapolitan life. Underneath the Church of San Lorenzo, we see traces of the former city, as we descend underground and explore this archaeological complex, which has both Greek and Roman roots. We learn the role of the Greek Agora and the subsequent Roman Forum, in civic and commercial life during antiquity, before skipping to the 20th century as we return to street level.

Day 6 Salerno
(Port: Salerno)

The seaside resort of Salerno acts as a gateway to one of Europe's most famous coastlines: the Amalfi Coast. A magnet to both ancient and modern visitors, its interspersed villages appear to almost grow from the rockface on which they are built. The dramatic cliffs and natural harbours of the Amalfi Coast have hosted holiday homes of the rich and revered throughout time. Our excursions offer a hint of the coast's abundant past and present as we view the excavations of luxurious villas, theatres and bathhouses at Pompeii, or search the beachfront villages of the Amalfi for tantalising tales at the heart of Amalfi life. Personalise your exploration with our included 'Your Choice' experiences. Option 1 - Morning experience: Pompeii. Known to the Neapolitans simply as 'him', Mount Vesuvius towers over the surrounding fertile plains at 4,200 metres (13,779 feet). He has been quiet of late, but it was a different story in 79 BCE, when lava and ash vomited forth engulfing the city of Pompeii. Albeit a tragedy, the excavation of these extensive sites reveals treasure for travellers. Physical evidence of the city's final dramatic moments, preserved forever amongst the volcanic ash, speak louder than words. Each tells a tale of intrigue, returned to life by the ruins and remains of these Roman cities. Our guided tour of Pompeii's buried city is amongst one of the most intriguing in world history. Choose to join a locally guided tour of the ruins, explore independently at your own pace or browse the basics. Returning to the ship for lunch, there is time to explore Salerno before we sail south to Sicily. Option 2 - Morning experience: Sail the Amalfi Coast. Sail from Salerno and discover the Amalfi Coast in true local style, aboard a local ferry that sails past dramatic cliffs, sparkling turquoise waters, and hillside villages that tumble toward the Tyrrhenian Sea. It is like cruising through a living postcard, with a splash of glamour and a twist of lemon. As we cruise along this iconic coastline, keep an eye out for sleek super-yachts and the endless terraces of lemon groves clinging to the cliffs. These golden fruits are more than just scenic, they are the soul of the region, flavouring everything from desserts to the famous Limoncello, Italy's beloved citrus liqueur. Stop at Amalfi, the waterfront town that lends its name to the coast. Here, you will have time to wander through winding alleys and soak up the lively atmosphere of its piazzas. It is the perfect spot for a refreshing lemon sorbet or a bit of boutique browsing. Whether you are snapping photos, sipping something citrusy, or simply soaking in the sun, this coastal adventure is a feast for the senses and a highlight of any visit to southern Italy.

Day 7 Taormina
(Port: Messina)

We follow the coastline to the 'boot' of Italy, arriving around midday at the gateway to the island of Sicily: Messina. The city of Messina guards the mouth of the straits of the same name - a mere 20-minute ferry crossing from the Italian mainland. The recipient of more than its fair share of disasters, Messina has faced many invasions. However, it is the city's notorious bad luck - two major earthquakes and a tsunami, that destroyed the entire town. Famous as the finish line for Monty and Eisenhower on their wager as to who would reach Messina first, this stoic city acts today as our gateway to Europe's highest active volcano and its surrounding coastal gems. Our experiences today offer two distinct ways to discover Sicily's enchanting cliffside town of Taormina. Take a seat in Taormina's ancient Greco-Roman Theatre, where sweeping views stretch across the coastline to mighty Mount Etna, stroll the town's elegant streets lined with boutiques, cafés and historic palazzi, or experience a more active approach along the aptly named Saracens' Path, a scenic route that has connected the neighbouring villages with the hilltop town for centuries. Whichever option you choose, you'll discover why Taormina has captivated travellers, artists and writers for generations. *Note: Personalise your exploration with our included 'Your Choice' experiences. Option 1 - Morning experience: Taormina. Topped by an ancient Greco-Roman theatre, with spectacular views of Mt Etna, the hilltop enclave of Taormina is at the top of the list when it comes to visiting Sicily. Once a holiday resort for Greeks and Romans, it attracted numerous foes, however today it fights a different form of invasion with the town performing solidly on the Hollywood A-list bucket list. Its luxurious hotels, restaurants and tile-terraced piazzas appear on the front page of Vogue, and with views across the Mediterranean, no wonder it is a 'must see' for all travellers to Italy. Option 2 - Full day experience: The Saracen walk and Taormina. We hike the 3 km (1.9 mile) Path of the Saracens as a trazzera - or 'dirt road' in Sicilian dialect. An ancient route used by the Saracens to sack Taormina, the rugged path connects the towns of Castelmola and Taormina. Its story is one of myths, legends and curiosities which our guide weaves into our walk. At the path's end, the hilltop enclave of Taormina offers dramatic historical sites combined with panoramic views and five-star wonders. It is no wonder that this cliffside town, supported by sea-forming coves and sandy beaches at its base, performed solidly on the Grand Tour itinerary, and in recent years Hollywood 'discovering' the town with its 'dolce vita' lifestyle. On arrival we'll tour Taormina's Greco-Roman theatre to hear more about the history of the southern coast of Sicily (lunch own expense).

Day 8 Palermo
(Port: Palermo)

Once infamous as the centre of the Sicilian Mafia, Sicily's capital, Palermo, now proudly claims to be 'a clean city,' offering travellers the chance to enjoy its ancient sites, colourful markets, and vibrant Sicilian lifestyle once more. Steeped in history, culture and Mediterranean charm, Palermo was founded by the Phoenicians as early as the 8th century BCE. Its strategic location at the crossroads of civilisations has seen it influenced by Greek, Roman, Arab, Norman and Spanish cultures, making it a fascinating city to explore. Its diverse cultural heritage is reflected in its architecture, from ancient ruins and Norman palaces to baroque churches and Arab-Norman art, while the city's famous street markets, such as the bustling Ballarò Market offer a glimpse into Sicily's famous culinary traditions. This morning's 'Your Choice' activities offer a variety of ways to discover the city's story, leaving your afternoon free to explore at your own pace. To make things easy, our complimentary shuttle will run throughout the afternoon, ensuring a smooth and comfortable ride into town and back. Personalise your exploration with our included 'Your Choice' experiences. Option 1 – Morning experience: The 'Real' Godfathers of Palermo. Exploring the Mafia in Palermo involves delving into a topic far more nuanced than the stereotypes presented in mainstream cinema and TV. Known locally as Cosa Nostra, the Mafia is a profound social and economic phenomenon that has significantly shaped Sicily's history over the past two centuries. From its roots in the aristocracy to its transformation into a political and entrepreneurial powerhouse in the 20th century, Cosa Nostra's impact is immense. Key events include the sack of Palermo, the violent confrontations of the 1970s and 80s, and the subsequent state crackdown, marked by the assassinations of many institutional figures. The 'pizzo' phenomenon, where businesses are extorted for protection money, underscores the Mafia's all-pervasive reach. Yet, Palermo's collective response has led to a remarkable resurgence in the city's confidence. This guided tour offers a unique perspective on Palermo, revealing sites and events tied to Cosa Nostra's history. Each stop provides insight into the city's fight against organised crime, while your local guide shares personal stories, offering a genuine understanding of Palermo's true essence. Option 2 - Morning experience: Mysterious Palermo. Morbid. Bizarre. Memorable. There are many words that can be used to describe the Catacombs of Palermo, but for many visitors there is only one: unmissable. Built in the late 16th century to house the honoured dead of Palermo, the Capuchin Catacombs evolved over the centuries into one of the world's most extraordinary burial sites. Thousands of mummified bodies line the walls, preserved in remarkable detail and dressed in the fashions of their day, offering a fascinating glimpse into Sicilian society, traditions, and attitudes towards death. Leaving the silence of the Catacombs behind, your exploration continues on foot through the historic heart of Palermo, where power, faith and ambition shaped the city's identity for centuries. Passing the Norman Palace, Palermo Cathedral, Quattro Canti and Piazza Pretoria, you will discover the many cultures and rulers that have left their mark on Sicily's vibrant capital. Your local guide then leads you to the magnificent Oratory of Santa Cita, one of Palermo's artistic treasures. Here, the theme of remembrance takes on a different form. Rather than preserving the dead, the city's powerful confraternities sought immortality through patronage, commissioning lavish religious spaces that displayed both devotion and status. The breathtaking stucco masterpieces of Giacomo Serpotta reveal how Palermo's 17th- and 18th-century elite competed to leave a lasting legacy. The tour concludes at Vucciria, a popular market where Sicilians celebrate Palermo's street food. Enjoy lunch streetside or join our shuttle back to the ship.

Day 9 Agrigento
(Port: Porto
Empedocles)

Sailing around the western tip of Sicily, we arrive at Porto Empedocle around midday and enjoy lunch onboard. Our 'Your Choice' experiences offer a choice of two engaging options this afternoon. Choose to join a guided tour of the Valley of the Temples, where you will explore the rich history and fascinating lifestyles of Sicily's ancient residents. Alternatively, head inland to a family-owned winery to discover the centuries-old significance of wine production on the island and enjoy a tasting of local wines. Personalise your exploration with our included 'Your Choice' experiences. Option 1 – Afternoon experience: Agrigento – The Valley of the Temples. A highlight of any visit to Sicily, Agrigento, or the Valley of the Temples as it is known, is an archaeological gem. The site brings to life the stories of the people who lived, loved and died here, dating as far back as the 6th century BCE. "One of the wealthiest colonies in Greece", the city thrived around 2,500 years ago, with an economy based on produce from the rich surrounding land and the trade routes from Greece. Its impressive ruins attract travellers from around the world. Option 2 – Afternoon experience: Sicilian Wine Tasting. For those who would prefer a relaxing afternoon, this winery visit is ideal. The southern Sicilian countryside is scattered with wineries owned and operated by families. Inland from Port Empedocle, surrounded by lush olive and almond groves with wheat fields stretching around them, each winery benefits from Sicily's unique soil, which is enriched by volcanic ash and Mediterranean minerals. Wine has long been a cornerstone of Sicily's economy, dating back to ancient times when the island was a major wine producer for the Roman Empire. During your visit, you will tour the winery and learn about traditional winemaking methods that have evolved over centuries. Following the tour, enjoy a tasting session featuring wines paired with local snacks that highlight regional flavours. This experience offers a genuine taste of Sicily's vinous heritage and provides insight into the island's deep-rooted winemaking culture, all while soaking in the natural beauty of the region.

Day 10
Syracuse (Port:
Syracuse)

Syracuse's delightful jumble of Greek, Roman, medieval and baroque layers make every street corner and every ancient site a story unto itself. Greek ruins rise from citrus orchards; baroque churches stand stoic and medieval streets lead down to the sea. They meet, a plethora of stories waiting to be heard. Our 'Your Choice' experiences offer a fascinating morning, leaving your afternoon free to stroll the short distance from the port to the island of Ortigia. The small Baroque Island of Ortigia, the historic heart of Syracuse, has been inhabited for over 3,000 years and is celebrated for its Greek heritage. As a UNESCO landmark, Ortigia features stunning church facades, vibrant outdoor restaurants, and elegant piazzas. Its popular shops are the perfect place to browse for souvenirs, local delicacies and fresh seafood treats. Surrounded by sea, it offers a pleasant afternoon visit, blending historical charm with a coastal vibe. Personalise your exploration with our included 'Your Choice' experiences. Option 1 - Morning experience: Syracuse and the Parco Archeologico della Neapolis. Once a rival to Athens, Syracuse is home to one of Sicily's greatest archaeological sites – the UNESCO World Heritage Site of Parco Archeologico della Neapolis. Our local guides tell tales of past realms as we view the 16,000 capacity Greek Theatre, and the 2nd-century Anfiteatro Romano, originally used for gladiatorial combats and horse races, before standing at the foot of the monolithic Altar to Hieron II where up to 400 oxen would be sacrificed in one ritual. Beside the theatre, and just as fascinating, we find the limestone quarries that supplied stone for the ancient city. Honeycombed with catacombs below, and citrus trees above, it is also where the 7,000 survivors of the 5th-century war between Syracuse and Athens were imprisoned. Join your local guide for an in-depth tour or stroll the site at your own pace. Option 2 – Morning experience: The Baroque Town of Noto. An example of architectural elegance, Noto is one of Sicily's most picturesque towns. Completely destroyed by the 1693 earthquake, it was rebuilt on a new site under the scrutiny of Guiseppe Lanza, the Duke of Camastra, whose passion for all things baroque is evident at every turn. Framed by baroque palazzi and grand churches, Noto's main square became a symbol of the Risorgimento, the 19th-century movement for Italian unification. Eighty-five years later, during World War II, British forces arrived in Sicily as part of Operation Husky and liberated Noto. The town was among the first in Italy to be freed, with locals welcoming the Allies with what was described as "unbridled enthusiasm." Today, Noto's charming main street is lined with artisan ceramic studios, gelato shops, and open-air cafés. Join your local guide or wander at your own pace for a morning filled with colour, flavour, and delightful discoveries.

Day 11
Disembark
Valletta, Malta
(Port: Valletta)

As a matter of Mediterranean real estate, Malta has location, location, location. For fun in the sun and an island lifestyle that may be ideal, but when it comes to defence from invasion it is not. A convivial, family orientated people, the Maltese have fought hard to defend their country against everyone from the Greeks to Napoleon. Their bravery in World War II during the second siege of Malta moved King George VI to award the nation the George Cross which appears on the Maltese flag and coat of arms. Our day is spent in Malta's celebrated capital, Valletta, which remains a historical city with streets of fascinating sites telling more than their fair share of stories. We join a local guide this morning for a browse through Valletta's essential sights. We spend time at the Barrakka Gardens to gain a perspective of the city's harbour from a naval point of view before exploring the Grand Masters Palace and Armoury, where we uncover an impressive collection gathered by The Knights Hospitaller of St John, while the multimedia show, Malta Experience, places thousands of years of Malta into perspective. Your afternoon is free to explore further, relax over a coffee and pastry, or try some retail therapy, before we transfer to the hotel for an evening at leisure. Accommodation: Corinthia Hotel (or similar). Meals: Breakfast onboard.

Day 12 Valletta

A second day in Valletta gives us the chance to experience more of Malta, with options to either delve deeper into its long history of invasion and resistance, or venture into the island's rural heartland. Both experiences reveal the resilient and welcoming spirit for which the Maltese are known. This afternoon is free to return to a favourite site, visit a museum, or relax poolside at our hotel. This evening, we come together for a special Farewell reception. Here, we honour the courage of the Maltese people with a moving account from a local expert, sharing wartime stories of endurance and resistance against overwhelming odds. Option 1 - Morning experience: Malta at war. Malta's bravery during World War II is our focus this morning as we visit the National War Museum at Fort St. Elmo. We'll explore the island's critical role during World War II, from enduring relentless bombings to supporting the Allied invasion of Sicily. Key highlights include the George Cross, awarded by King George VI to the entire population of Malta in 1942 for their extraordinary courage, and President Roosevelt's Jeep, used during Operation Husky. You can choose to join our local guide for a deeper delve into this chapter of history, or explore the museum's other fascinating sections, covering everything from the Knights of St. John to the Cold War, at your own pace. Option 2 - Morning experience: Malta's rural interior. This morning, we visit Mdina, Malta's former capital and one of the island's most atmospheric historic sites. Known as the "Silent City," Mdina is a hilltop settlement with roots dating back over 3,000 years. The city's mix of medieval and baroque architecture, quiet streets, and commanding views make it a 'must see'. A short introduction from our local guide will outline the city's history, from its time as a Roman municipium to its later role as a stronghold for Malta's nobility. After an introduction from our local guide, you'll have free time to explore at your leisure, perhaps visit St. Paul's Cathedral, walk the bastions, or enjoy a coffee in one of the small piazzas. We'll then continue to a nearby boutique winery, located in the countryside just outside Mdina. With most Maltese wineries being small, family-owned estates, our visit offers an insight into country's rural lifestyle. We'll tour the vineyard and cellar, learn about their production methods, and enjoy a guided tasting of several wines, accompanied. It's a relaxed and informal setting, offering a chance to experience another side of Maltese life. *Note: Winery visit is subject to opening times. Accommodation: Corinthia Hotel (or similar). Meals: Breakfast, Dinner.
